RE: YEAR 12 & 13 Return to School Schedule & Instructions

Dear Parents & Carers,

Further to my previous letter, please find specific details for your child's return to school below.

In order to facilitate a safe and rapid return for pupils in Years 12 & 13, we are requiring pupils to have their first Lateral Flow Test on **FRIDAY 5th MARCH**. This will ensure that teaching for KS5 can begin from Monday 8th March, and we can support students as they prepare for final qualifications.

The full schedule can be found on page 2.

School Gateway App

Through recent communication we have encouraged parents to sign up to the 'School Gateway' app and/or website. As we move forward with bespoke programmes for pupils across the school, this will become increasingly important to book clubs or other sessions. For pupils in Key Stages 4 and 5 this system will also allow for the booking of revision sessions where available.

When extra-curricular clubs and revision sessions start, these will become ticketed events and pupils will not be able to attend without prior booking.

If you have not yet signed up for the facility, it is available here: <https://login.schoolgateway.com/0/auth/register>

Qualifications

We await the final information from Ofqual and Examination boards regarding this year's qualifications. As soon as we are able to provide information – and how this affects you at Trinity – we will be in touch.

Should you have any queries or concerns, please contact the school as soon as possible.

Yours faithfully,

Mr Simon Godden
Principal
